

Air Tightness Testing Machine

Code: KXT M700ATTM

Description

> High-pressure air tightness testing machine 20T, DIN3535 > Digital display, maximum load is 220KN, medium gas pressure is 5.0Mpa. > It can be changed by computer acquisition, add the acquisition software and hardware sensors

Air Tightness Testing Machine

Product number: KXT M700ATTM

> High-pressure air tightness testing machine 20T, DIN3535
> Digital display, maximum load is 220KN, medium gas pressure is 5.0Mpa.
> It can be changed by computer acquisition, add the acquisition software and hardware sensors.

Item no.:KXT M700ATTM
